PROFILE

Detail-oriented Analyst with proven expertise in optimizing product presentation and maintaining catalog integrity to enhance customer experience and streamline ecommerce processes. Adept at quality assurance, data validation, and efficiently resolving operational challenges through collaborative teamwork and strategic problem-solving.

EMPLOYMENT

Project-Based Operations Analyst

Nov 2024 - Nov 2025

Philtech Inc., Taguig, National Capital Region, Philippines

- Improved ecommerce product presentation by sourcing, editing, and enhancing images to increase visual consistency and customer engagement.
- Created clear, accurate, and customer-friendly product descriptions for new and updated items.
- Maintained and optimized product taxonomy to ensure intuitive navigation across platforms.
- Preserved catalog integrity by processing item removal requests and conducting brand compliance investigations.
- Validated product data across multiple systems to ensure accuracy, completeness, and alignment with standards.
- Performed website QA to confirm correct display of product information and attributes.
- Resolved operational issues by managing ServiceNow tickets related to item removals, attribute updates, and data corrections.
- Supported team initiatives through active participation in meetings and cross-functional collaboration.

Project-Based Data Analyst | Rewards Data Intelligence EMEA

Apr 2024 - Oct 2024

Wilis Towers Watsons, Taguig, National Capital Region, Philippines

- Collected, cleaned, and organized datasets to ensure accuracy, consistency, and readiness for analysis.
- Produced clear, concise reports and communicated findings to stakeholders for validation and decision-making.
- Collaborated with cross-functional teams to align objectives, share insights, and support data-driven initiatives.

Troubleshoot | Web Developer Intern

Mar 2023 - Jul 2023

INFOMAN, INC., Makati, National Capital Region, Philippines

- Assisted in troubleshooting and resolving website issues to improve performance and user experience.
- Supported development tasks using HTML, CSS, JavaScript, and backend tools.
- Contributed to documentation and testing to ensure smooth deployment of updates.
